

ExnessScam.com One-Page Fact Sheet

What is ExnessScam.com?

ExnessScam.com is a global advocacy and consumer protection platform created to expose questionable practices by Exness, a forex and CFD broker. The platform functions as a watchdog, offering well-researched insights, documented user complaints, legal defense updates, and educational resources for traders worldwide.

Our Mission

To protect the rights of traders and empower them through transparent reporting, verified evidence, and strong legal resistance against abusive corporate tactics.

Key Highlights

- **UDRP Defense Win (CAC-UDRP-107488)**

Exness's attempt to seize ExnessScam.com via domain arbitration failed on April 24, 2025. The Czech Arbitration Court ruled in favor of the domain owner.

- **DMCA Takedown Rejection (Case #ACC-468-41437)**

On April 2, 2025, SkyNetHosting rejected Exness's DMCA complaint, confirming no copyrighted content was used.
